SEAFORT ADVISORS

on the acquisition of Emdor Werft und Dockbetriebe GmbH (EWD)

Lansdowne Consulting GmbH conducted the commercial due diligence for Seafort Advisors, a renowned group of international investors, for the successful acquisition of Emdor Werft und Dockbetriebe GmbH (EWD).

Founded in 1903, EWD's shipyard, known for shipbuilding production in the form of ship repair, will focus on repair and retrofitting. The shipyard's outstanding infrastructure with two floating docks, one dry dock and extensive quay facilities and specialized workshops is known for experienced and technically skilled labor which allows EWD to operate flexibly. EWD's main specific areas are: merchant vessels, naval surface vessels, submarines and offshore.
